

# INNOVATION IN POOL DESIGN

# THE DRICLAD STORY

Like backyard cricket, and a BBQ with friends, a dip in a DRICLAD pool has been part of the great Aussie Summer for generations. For over 50 years Driclad pools have become the centerpiece in the backyard of over 200,000 Australian homes.

DRICLAD Pools are now more popular than ever as families realise they can enjoy all the fun of a pool without spending tens of thousands of dollars on a fibreglass or concrete in-ground pool. The latest Driclad Pool combined with decking and landscaping can create resort style pools at a fraction of the cost, in days rather than weeks.

Driclad Pools are proudly made using only the highest quality materials. In particular, our Noosa Reef pools are constructed with features not seen in any other resin pool in Australia.

# DRICLAD

# Noosa Reef

Available in round & oval

## Salt Water or Fresh Water Pools

Designed for use with low maintenance saltwater chlorinators, our Noosa Reef range features the highest standard resin framework components, decks and rails to resist corrosion, as well as interlocking parts for quick and easy assembly.

**25 YEAR**  
MANUFACTURER  
WARRANTY

Noosa Reef can be built above, partially or fully inground to suit a variety of backyards

## Noosa Reef features and benefits

### EZ-LOCK LOCKING SYSTEM

- Joiner plates slide in quickly and effortlessly due to advanced engineering design.
- Airtight after proper adjustment
- No screws required
- Parts assemble for perfect cohesion

### WALL TRACKING SYSTEM

- Designed for less warping under weight due to the innovative underdeck wall locking system.
- Modular assemble for an exact fit
- Eliminates water overspill between the wall and deck, creating perfect water containment.

### BASE CROWN

- A double-lock system around the base of the uprights provides increased strength and solidity.
- This system adds double protection keeping the joiner plates fixed and firmed.

### BOTTOM WALL CHANNEL

- Smooth, undulated shape increases pool strength
- Rust-proof rail and built-in drainage slot prevents wall corrosion.

# DRICLAD Shoal Bay

Available in round & oval

## Salt Water or Fresh Water Pools

Designed and manufactured in Australia, the Shoal Bay displays sleek new resin components and provides a contemporary look for your backyard oasis. Designed for use with salt chlorinators if desired, the Shoal Bay is Driclad's latest pool release which will bring joy all year round.

**20 YEAR**  
MANUFACTURER  
WARRANTY

Shoal Bay can be built above, partially or fully inground to suit a variety of backyards

## Shoal Bay features and benefits

### CONNECTER PLATES

- Connector plates made out of Australian Stainless Steel.
- Stainless steel reduces corrosion and chemical damage.
- Stronger to avoid breakages.

### DECKS & VERTICALS

- Our decks offer extra rigidity due to the double layered design.

### BOTTOM RAIL

- Australian made bottom rail is 100% resin and prevents rust at the base of the pool.
- The curved design in the bottom rail supports the wall shape.

# LINERS

Our liners are strong, durable and made with high quality pigments. They are specifically formulated with 0.50mm virgin materials to be UV inhibitors and withstand our harsh weather conditions. Our standard liners are part of the package, but you have the option to upgrade to printed liners.

## Standard Liners

Light Blue

Dark Blue

## Optional upgrades

Pebble Reef

Coral Sand

Pacific Marble

Aqua Marble

Maui

# LADDERS

Our ladders come in a variety of sizes and shapes to suit your lifestyle. They are UV resistant and are ergonomically designed for the ease of coming in and out of the pool. Our standard ladders are part of the package, but you can also choose one of the upgrade options for a classic look.

## Standard Ladders

'A' Frame Ladder

Deck Ladder

## Optional upgrades

Festiva Ladder

Wedding Cake Ladder

Swim Out Seat

This is a new unique feature creating a full pool width gradual step down into the pool at either end of the pool. These are great for children enabling them to get accustomed to the pool in shallower depths, or anyone else just wanting to lean back on the steps and cool off after a long hot day!

# WHAT THEY'RE SAYING ABOUT DRICLAD

As an installer of above ground swimming pools around Northern Victoria and Southern NSW for the past 15 years, I've installed every brand of above ground pool on the market, both locally and overseas manufactured.

I believe Driclad have got it right with their Noosa Reef Resin salt water above ground swimming pool.

There are no metal screws, post plates or rails that will rust. Solid construction of their moulded resin posts, top decks and the nut and thread system makes a Driclad pool structurally sound and aesthetically pleasing.

This system also makes installation an absolute breeze; that's why when I opened my store 3 years ago, I insisted on selling Driclad Pools.'

**Brendan Bruhn, Managing Director  
Swim Inn Pool Shop**

We purchased our Driclad pool in 1986 when our children were 2, 5 and 7. When they became teenagers, their friends would always come over to enjoy the pool. It was fantastic as we always knew where they were.

Now, 27 years later, that same pool entertains our 7 grandchildren who visit us weekly in summer. As a family, it was the best purchase we ever made.

**Christine and Bruce Hamilton**

We'd like to thank you for selling us a great pool. We've made it our little oasis, enjoying this great centerpiece that's right off our back patio. Sitting or just relaxing while enjoying the view; and the kids love it just as much as we do.

We love entertaining friends and family outdoors and our Driclad Pool certainly makes it the perfect surrounds.... We've had a lot of friends complimenting us on what we've done, often amazed that it's a liner pool - only wishing they can do the same when they purchase their Driclad Pool.
